## Wheelchair Swing Unveiled at Croydon Hall May 31

Written by Middletown Public Information Office

Friday, 30 May 2008

MIDDLETOWN, NJ - A wheelchair swing donated by Middletown Elks, Whirl Construction, and Dr. Pat Dunphy, D.P.T., will be unveiled May 31 at 11 a.m. at Croydon Hall Playground, 900 Leonardville Road, Leonardo section of Middletown. Middletown Parks and Recreation readied the space and will maintain the piece of equipment. The swing is only one of a handful of its kind in Monmouth County.

"We want kids to be kids," said Middletown Elks Lodge 2179 Handicapped Committee Chairman Mike Dickie. Completion of the project will be his last act as the committee's chairman. After serving in the position for six years, Dickie has relinquished his position to take on the job of District Handicapped Committee Chairman.

Scheduled to attend are: Dr. Dunphy, Elks members, Deputy Mayor Pamela M. Brightbill and area children ready to test out the new swing. For more information, call Dr. Dunphy at (732) 615-0300 or Mike Dickie at 732-778-2496.
